Integrating Fitness

Into Your Spa

Nutrition
For Happy Skin

If You..Don't Have the Room

If you don't have room in your spa, but want to incorporate more fitness, look to establish a strategic alliance. This mutually beneficial partnership establishes

a connection between you and a non-competing business in your area. In this case, we are talking about you and a personal trainer/yoga instructor. The two of you have complementary businesses with the same kinds of clients—people who care about the way they look

Inspiration: PRODUCTS FOR THE ACTIVE

Skin care products for active men and women.

Repêchage

www.circadia.com

The Light Day Sunscreen Broad Spectrum SPF-37 is a light lotion formulated to reduce sensitivity issues and prevent damage to DNA proteins caused by UV exposure.

YG Laboratories

800-999-4569
www.yglabs.com

The Antioxidant Defense Complex helps rescue skin from signs of aging, oxygen depletion and environmental aggressors with a potent, multifunctional serum for those who work out or maintain an active lifestyle.

DermAware

888-292-3376
www.dermaware.com

Aerobic Infusion Serum is infused with biomolecular amino acids, which help lift and energize skin. Wrinkles are relaxed, nasolabial folds are plumped and the skin is protected and corrected with this product's formulation.

Pevonia

888-206-1192
www.pevonia.com

Best used by those who are active outdoors, the After Sun Soothing Gel contains soothing agents such as water lily and green tea to help cool, heal and desensitize skin for instant relief.

Botanical Science
